Feeling at home on campus

We want your college experience to be an amazing one. Here are a few things you might want to know before you start in September.

Lots of support on campus

We strive to support students by creating a healthy and happy community and building an environment that will help you achieve your full academic potential.

Our Health and Welfare team are based on campus to support you if and when you might need them.

Located in a calm and friendly office in the Student Services department, the team are always available during college hours. We understand things can become a little overwhelming at times and so there is support available for you to access - from a listening ear, to sexual health drop-ins and counselling services.

We know not everyone wants to meet face to face initially so we have our 'Need to talk' email address that you can use if you prefer to get in touch that way, or we're happy to chat with you on the phone or on Teams.

To get in touch with the Health and Welfare team email needtotalk@riseholme.ac.uk

Cashless campus

All our food outlets only take payment by card. If you don't want to use a debit or credit card whilst on campus you can register for a food card.

Our food card system is debitrak. Once you've enrolled you will need to take your Student ID card to the Hospitality Manager in the Refectory to sign up to the scheme. Once your card has been added you'll need to register for an account with debitrak which will allow you to add funds to your card.
